 - To learn that interest in music is shared with peers
 - To know that best efforts in music are rewarded intrinsically, and sometimes extrinsically
 - To encourage musical goals through an adjudicated experience, where winning is not the goal
 - To participate in competitive and/or non-competitive performances in a comprehensive program with broad examination areas
2. Promote higher levels of teaching by:
 - Creating awareness of the important function of the independent music teacher
 - Promoting professional interest in CSMTA and MTNA
 - Motivating teachers to improve their teaching performance by preparing students for these activities using the standards of these student activities as a guide

Information and Rules For All CSMTA Activities

CSMTA provides student competitions and related activities to students of CSMTA member and non-member teachers. The students activities are divided into two parts:

1. CSMTA activities, under CSMTA activity chairs
2. MTNA activities, under MTNA activity chairs and coordinators

The chairs and coordinators for MTNA State Activities and CSMTA Activities serve under the CSMTA Vice President for Student Activities.

The following rules apply to CSMTA Student Activities:

1. Teachers entering the Rising Stars or Concerto Competition with students who have studied the entry discipline with them fewer than eight months preceding the entry deadline, must list the former teacher on the entry form. Both the current and former teacher will receive equal recognition.
 2. Teachers of students participating in any of the student activities must be available to assist with the administration of the activity, or find a substitute who can take their place.
 3. Teachers (not the student, parent or activity chair) are responsible for completing and submitting the necessary fees and forms by the deadline. If paying by check, the teacher will submit ONE check to CSMTA for all entry fees. Incomplete and/or late applications will not be accepted. Online entries are available on the CSMTA website.
 4. Teachers and parents must make every effort to avoid contact with the judges during the activity and avoid any association with their students in the presence of the judges. The decision of the judge(s) is final.
 5. Music, with measures numbered and no identifying names showing, must be provided for judges in all instrumental and vocal events, except in the Concerto Competition. No scores need to be provided for the Concerto Competition.
 6. All entrants and accompanists must abide by the Federal Copyright Law. Photocopies are strongly discouraged. Entrants and accompanists using photocopies or PDFs downloaded from the Internet may be asked to complete the Music Release Form verifying that they have permission to use this music. Detailed information about the Copyright Law is available at www.mtna.org.
 7. Flash cameras are prohibited in the performance area of any CSMTA or MTNA sponsored event or recital. Parents may discreetly use a camera without a flash, a video camera, or a phone for their own child or legal ward.
 8. Beginning in 2019, teachers must either renew their CSMTA membership or join CSMTA prior to December 1 in order to receive CSMTA's member pricing on CSMTA student events for that academic year. Teachers who join after December 1 will be subject to non-member event fees.
 9. Non-member teachers entering students in any of the activities are required to pay a non-member entry fee of \$50 per event by the entry deadline.
 10. Students of non-members are required to pay 1½ times the student entry fee by the entry deadline.
 11. Circumstances may arise during an event where students may be asked to perform earlier than their scheduled time. Students are encouraged, but not required to comply.
 12. No refunds will be given under any circumstances once an application or registration has been submitted.
 13. Failure to follow these, and specific event rules, may result in the disqualification of the student.

ACHIEVEMENT DAY

Achievement Day

Info & forms: www.comusicteachers.net/achievementday

Application deadline: determined by each Local Association

Event date: determined by each Local Association

Event location: determined by each Local Association

Event chair: Amy Watt amy@amywattpiano.com

Purpose

1. To recognize and encourage achievement in music study in a non-competitive performance event
2. To encourage students to prepare and display individual music related talents by selecting from several options
3. To support and guide the teachers in the effort to provide a quality music education for each student

Event Description and Procedure

Achievement Day is open to music students of all ages and abilities on any instrument or voice. There are a variety of levels that start from preparatory up to level 12.

Each student performs privately in front of an evaluator. Students may enter as solo players or as part of an ensemble (see “Ensemble for Achievement Day” below). Upon completion of all Achievement Day activities, students receive a certificate, written comments from the evaluator, and graded tests.

Ensemble is a separate category with all students who are Achievement Day entrants and complete all Achievement Day options: two piano students, or two or more students in a chamber group, or two or more students in a vocal ensemble, one student vocalist with a student accompanist. Teachers or non-participating students or adults may not accompany an ensemble, but may perform with them in the Collaborative Option (C.5). The Collaborative Option (C.5) offers the opportunity for the Achievement Day student to perform with another Achievement Day student, OR, any teacher, adult or non-achievement day student.

Local associations are encouraged to offer “Super Achiever” status by awarding medals or ribbons to students who meet the criteria described below.

Levels and Detailed Guidelines

Levels and detailed guidelines are available at the CSM TA website: www.comusicteachers.net/AchievementDay.

Student Requirements and Procedures

Students perform two pieces:

1. Students may perform two solo pieces, or two ensemble pieces as part of an ensemble (see “Ensemble for Achievement Day” below).
2. Memorization is required for one solo piece, but is optional for the second solo piece (see repertoire guidelines for levels). Ensemble entrants are not required to memorize their pieces.
3. Students name the key of each piece.
4. Students perform the pentascale or scale (as appropriate) for each piece.
5. Students complete a minimum of two options, chosen from the Options list below.

STUDENT THEORY ACTIVITY

CSMTA Student Theory Activity (STA)

Info & forms: www.comusicteachers.net/sta

Online registration deadline: March 16, 2024

Event date: April 20, 2024

Event location: Lamont School of Music

STA Chair: Grace Christus grace_christus@yahoo.com

Purpose

The purpose of Theory Assessment is to stimulate and recognize theory competency among all Colorado music students. Study Guides, sample test questions, and workbooks are available from Keynote Independent Theory Service (KITS) and are suitable for piano, voice and instruments other than piano. Test levels range from Primary to Advanced (“step” levels Primary through Step 6) and are based on knowledge, not age. Tests are appropriate for 2nd year students through advanced high school students. Tests include a written exam demonstrating notational reading skills; and beginning with Step 1, a listening and playing test, which correspond to the “step”—the level—the teacher has determined for the student. For further information about the KITS music theory program, please visit the KITS website, www.keynotetheory.com.

Students will receive a Certificate of Participation from CSMTA as well as a Certificate of Merit from the KITS program. Students may earn CMTSA STA medals for scores of excellence: bronze for 80-89%, silver for 90-94%, gold 95% and above. Students earning 90% and above will be listed on the State Honor Roll, the CSTMA Website, and the summer *Notes & News*. Students may test at the location and date listed above or at a participating local association.

Applications and Description Information

- CSMTA is using the theory tests and related materials developed by the Keynote Independent Theory Service (KITS) by Christine A. Murrow. For more complete information on this program, please refer to www.keynotetheory.com. Study materials are available through amazon.com (search for KITS, Christine Murrow), Barnes and Noble, or directly from Keynote Independent Theory Service.
- For STA testing at Rising Stars Festival, teachers must order tests from the State Theory Chair through the CSMTA website: www.comusicteachers.net/sta. Registrations and payment are due on March 16, 2024. For Local Association testing, see guidelines below.

Teacher Eligibility and Entry Fees

- Teachers of participating students must pay dues according to rules on page 4.
- Teachers are required to help on the testing date where their student is testing and to commit to remaining in the testing area to perform the assigned task. Assistance is needed either with registration/proctoring, grading exams, or listening to the performance of scales and cadences portion of the test. Specific duties will be assigned by the State Theory Chair.
- CSMTA member teachers entering students in STA at the Rising Star festival will pay \$10 per test to CSMTA. The STA chair will order tests based on registrations received via the website by the registration deadline. Non-member teachers entering students in STA at the Rising Star Festival should contact the STA chair at grace_christus@yahoo.com, to arrange registration and payment by the registration deadline.

STUDENT THEORY ACTIVITY

- Students of non-member teachers pay a registration fee that is 1 1/2 times the student registration fee for students of member teachers.
- These rules and all rules listed on page 4 of this *Student Activities Handbook* must be followed. Failure to do so will result in the disqualification of the student.

Guidelines for Local/Regional Theory Testing

1. All KITS tests for students testing at Rising Star Festivals are ordered and provided through the CSMTA Theory Chair. Please use the CSTMA website as noted above. Registration and payment are due by deadline (see page 15).
2. To host Local Association (LA) STA testing, please appoint a LA STA Chair. The LA STA Chair must contact the CSMTA STA Chair in a timely manner prior to registration to establish a LA testing event. The CSMTA STA Chair will provide documents and instruction for LA STA testing.
3. Registration for LA STA Testing is completed through the LA STA Chair at the association level. Registration must include KITS tests and CSMTA award costs. Contact CSMTA STA Chair for information.
